“New light on epigenetics: push the boundaries and open the possibilities”

Date: Tuesday 16.4.2019

Time: 14:00-15:30

Location: BioCity, Turku Centre for Biotechnology (BTK), 5th floor seminar room

Welcome to epigenetics seminar involving currently used techniques and recent advancements in chromatin and methylation research. Our visiting speaker is Laurence Borgs, PhD, Manager of Distributor Partner Network in Diagenode.

We serve snacks and give a goodie bag to each participant!
