SHEAR  
DNA  
diagenode

“New light on epigenetics: push the boundaries and open the possibilities”

Date: Wednesday 17.4.2019

Time: 9:15-10:45

Location: Biomedicum 1, meeting room 1 (ground floor)

Welcome to epigenetics seminar involving currently used techniques and recent advancements in chromatin and methylation research. Our visiting speaker is Laurence Borgs, PhD, Manager of Distributor Partner Network in Diagenode. We serve snacks and give a goodie bag to each participant!

Sign up now and get more information
